

**MOTIVATED  
TO MAKE  
AN  
IMPACT?**

**AT BAYER  
YOU'RE  
EXPECTED  
TO BE.**

Bayer is a global enterprise with core competencies in the fields of health care, agriculture and high-tech polymer materials. As an innovation company, it sets trends in research-intensive areas. Bayer's products and services are designed to benefit people and improve their quality of life. At Bayer you have the opportunity to be part of a culture where we value the passion of our employees to innovate and give them the power to change.

## **Workshop "IT For Life Science @ Bayer" Leverkusen, Germany, December 15th – 16th, 2014**

### **ARE YOU KEEN TO THINK AHEAD? HERE IS YOUR CHANCE!**

This workshop is an excellent occasion to discuss Bayer's recent developments and projects, to present your individual scientific results and to explore specific job opportunities within Bayer's R&D IT organization in Germany.

### **WHO YOU ARE**

You are either a natural scientist with high affinity to information technology or an IT-Expert with very strong background in natural sciences. Computer scientists with a proven expertise in IT project management are highly welcome to apply as well as graduates in the field of Medical Informatics or Medical Documentation.

### **HOW TO APPLY**

If you are interested please submit your application online by October 5th, 2014. We will cover all travel and accommodation costs for accepted participants. Find out more: [Workshop 2014 "IT For Life Science @ Bayer"](#).

**Passion to innovate | Power to change**
