

HOW TO APPLY

for the Basic Track

Winter Term 2022/23

1

We invite **students and recent graduates** from all disciplines and universities to apply for the Basic Track.

2

To apply, **register** on our **online platform** once the application period starts.

3

Confirm your registration for our online platform and **upload** all necessary documents. These include your CV, a certificate of enrollment and your *T-Profile**. Don't forget to click the submit button.

**T-Profile: A T-shaped person is an expert in at least one field but who also has many interests and competencies that are not related to their academic knowledge. Considering the template of a T-shape, please fill in information on your academic studies on the vertical line. On the horizontal line enter any other activities and competencies that characterize you. How and in what form you want to do this, whether you use text, pictures, graphics, paper or any other materials, is completely up to you. Think outside the box and show us who you are!*

4

After screening all applications, we invite everyone who passed the first application round to participate in the **virtual D-Camps**, our two-day selection workshop.
