All these types of assessment may take place during and/or at the end of each semester. More detailed information about assessment methods can be found in the content description of different course units of the study programmes.</p> <p>1. The final assessment of a course unit is expressed by a grade on a scale of whole numbers from 0 to 20, with 10 as the minimum pass mark.</p>

2. The final classification of a diploma/degree programme is expressed as a number from 10 to 20 on the scale of whole numbers from 0 to 20.

3. The final classification is the arithmetic weighted average of the classifications obtained in the course units that make part of the course structures of the diploma/degree programmes.

4. The final classification is usually associated with a qualitative definition in four classes: Pass (10-13) Good (14 and 15), Very Good (16 and 17) and Excellent (18-20).

The Academic Services at each Faculty (called "Bedel" in some of them) deal with examination scheduling and registration as well as marks.

Language requirements

Since the majority of course units are conducted in Portuguese, Erasmus students are strongly advised to take the OLS preparation course available online (access is provided by the home institution). Non-Portuguese speakers can also take the "Portuguese Language Erasmus" semester course, as long as they include it in their Learning Agreement when applying for mobility. They can also attend the [Intensive Language Preparation Course](#) at the beginning of each semester, in September and February (enrolment subject to fees).

A [number of course units is also offered in English](#) and, in most cases, exchange students can make arrangements with lecturers in order to be allowed to do examinations or submit assignments in English (or other language, if both parts know it).

Modern Language studies are usually half taught in Portuguese, English, French, German, Dutch, Spanish and Italian.

Language and culture courses

The [Language Centre](#) of the Faculty of Arts and Humanities of UC offers a wide variety of opportunities to improve students' language proficiency in Portuguese and other languages, from European to Asian languages. These courses are lectured by native speakers.
